

International collaboration

**Skin & Stem Cell Research Center Tehran
University of Medical Sciences**

Goals

- 1-** Collaboration with foreign scientists and Iranians living abroad in the field of dermatology and stem cells to produce knowledge at the international level
- 2-** International partnership with faculty members of the centers that focused on skin and stem cells
- 3-** Publish of the joint papers , holding workshops and symposium
- 4-** As supervision and counselors in thesis
- 5-** As a reviewer in editorial board of the skin stem cell journal

International collaboration

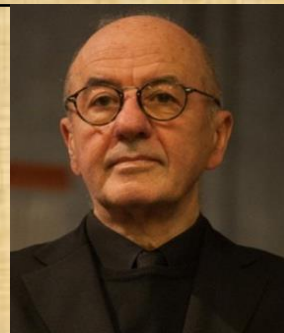

**Skin & Stem Cell Research
Center Tehran University of
Medical Sciences**

**Blood Transfusion Service ,
Foundation IRCCS Maggiore
Policlinico ,Milan , Italy**

Prof Paolo Rebulla

**Chief of cord blood bank
Granda Ospedale Maggiore - Milan - Italy**

Previous chief of European cord blood association

Skills & Expertise :

**Transfusion Medicine, Cell Therapy ,Regenerative
Medicine ,Dermatology and Cryobiology Expert to
Produce Platelet Gel Derived Cord Blood For Treating
EB's Wound In The World.**

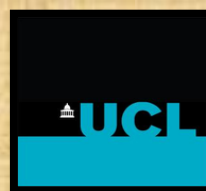

h.Index : 54

Terms of collaboration :

**Cooperation for research in wound healing & dressing
from cord blood (CBPG)**

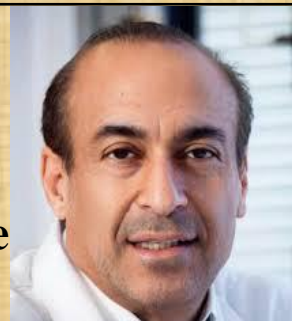

International collaboration

**Skin & Stem Cell Research
Center Tehran University of
Medical Sciences**

**University College London
England - London**

Professor Alexander Seifalian

**Director of Nanotechnology & Regenerative
Medicine(Ltd) Commercialization Centre,
The London Bioscience Innovation Centre
Royal Free Hospital and University College of London**

Skills & Expertise :

**Nanotechnology , Biomaterials , Tissue Engineering ,
Scaffold , Delivery systems , Nano Biomedicine , Adipose
– derived Stem cells , Stem Cell Culture , Nano
biomaterials , Regenerative Medicine**

h.Index : 86

Terms of collaboration :

Cooperation for research in Regenerative Medicine

**International Affairs
Department**

International collaboration

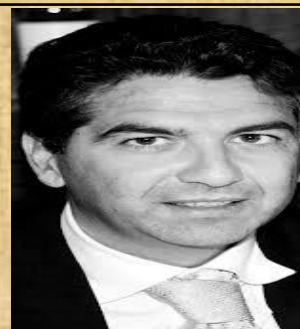

**Skin & Stem Cell Research
Center Tehran University of
Medical Sciences**

**OUR LADY'S CHILDREN'S
HOSPITAL, DUBLIN, IRELAND**

Professor Andrea Piccin

**Director of Hematology & Oncology
Transfusion and Regenerative Medicine
in SanMaurizio Regional Hospital –
Italy**

**Our Lady's Children's Hospital,
(in the field of Sickle cell Anemia & Vascular Biology)
Dublin, Ireland**

Skills & Expertise :

**Transfusion Medicine , Stem Cell Transplant , Cell
Therapy ,Regenerative Medicine , Wound Healing ,
Cord Blood Platelet Gel**

h.Index : 16

Terms of collaboration :

**Cooperation for research in wound healing & dressing
from cord blood (CBPG)**

**International Affairs
Department**

International collaboration

**Skin & Stem Cell Research
Center Tehran University of
Medical Sciences**

**Sociedade Brasileira de
Cirúrgia Plástica**

Professor Andre Mattos

**Member of the Brazilian Society
as SBCP, the ISAPS and the
American Society of Plastic Surgery
Brazil - Rio de Janeiro**

Skills & Expertise :

**Skin Rejuvenation & Laser Resurfacing ,Liposuction,,
Fat grafting, Facial Rejuvenation(Facelift, Eyelid Lift,
Neck Lift, Brow Lift), Plastic Surgeon**

h.Index : 10

Terms of collaboration :

**Skin Rejuvenation & Liposuction, Fat grafting ,
Workshop**

**International Affairs
Department**

International collaboration

**Skin & Stem Cell Research
Center Tehran University of
Medical Sciences**

Stony Brook University

Professor Soosan Ghazizadeh

Director of SCGT Core Facility

**Department of Oral Biology and Pathology
American – New York**

Skills & Expertise :

Gene/cell-based regenerative therapies; epithelial stem cell research; Regulation of cell plasticity during repair and regeneration. regenerative medicine ,gene and cell-based therapies, tissue regeneration , regenerative epithelial tissues using skin epithelia , cellular and molecular mechanisms regulating tissue repair and regeneration in epithelial tissues.

h.Index : 18

Terms of collaboration :

**Cooperation for research in Regenerative Medicine ,
Workshop**

**International Affairs
Department**

International collaboration

**Skin & Stem Cell Research
Center Tehran University of
Medical Sciences**

**University of British
Columbia**

Professor Aziz Ghahary

**Director of Firefighters' Burn and
Wound Healing in Dermatology and
Skin Sciences in**

University of British Colombia – Vancouver ,Canada

Skills & Expertise :

**Cell Transplantation , Diabetes Wound , Wound Healing
, Scaffold , Burns , Skin Substitute**

h.Index : 14

Terms of collaboration :

**Cooperation for research in Regenerative Medicine ,
Topical Wound Healing**

**International Affairs
Department**
